Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Regarding claims 1-4, the allowability in combination with the other claimed features is because nowhere in the prior art is there a method of controlling a solenoid actuator having a solenoid drive current controller that stabilizes a solenoid drive current to a target value through a swinging period in which the solenoid drive current is swung up and down about the target value when the solenoid drive current is controlled toward the target value.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Citation of Pertinent Prior Art

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
